

INNOVATIVE TRAVELING IN SWITZERLAND

WINE^{*TASTING*} AND
SIGHT^{*SEEING*}

7-DAY PACKAGE TOUR

TOP OF EUROPE

SENSUAL CHALLENGES

This special luxury travel is combining **wine-tasting** with **sightseeing**. An **innovative blend** for wine lovers, cultural aficionados and landscape enthusiasts that will challenge all your senses. Ambitiously extra!

2-day **wine-tasting workshop** in a very fancy vineyard, featuring most important wines and grape varieties from all over the world. Tasting exercises through **eyes, nose and palate**, under the special guidance of **Wine Academics**. After this workshop, you will have an advanced basic knowledge in wine-tasting to pursue in practice. An individual **certificate** attesting your qualifications is handed out.

Sightseeing at **Jungfrauoch**, so called **Top of Europe** (3,454 meters above sea level). The train ride offers breath-taking outlooks from Alpine snow mountains. Visit to emeritus **Saint Beatus**, living in a large cave above Lake Thun and telling an old **dragon saga**. You will see the home of ingenious physicist **Albert Einstein** who invented the special relativity theory in **Bern**. Switzerland's capital is famous for its arcades and **street markets** in the **old town**. Individual **tourist and culinary guiding**.
